

# Is Time Ready to Put Baird's Rule on Excited State Aromaticity and Antiaromaticity into Action?

Speaker:

**Prof. Dr. Henrik Ottosson**

Ångström Laboratory, Uppsala University  
Sweden

Date:

**Friday, November 29, 2019**

Time: 16:30-

Venue: B305 room, School of Science

Henrik Ottosson currently works at the Department of Chemistry - Ångström Laboratory, Uppsala University. Henrik does research in Organic Chemistry, Theoretical Chemistry and Physical Chemistry. Their current project is 'Excited State Aromaticity and Antiaromaticity.'
