

2019 HU-PNU Joint Symposium on Sustainable Materials

July 9th, 2019 14:00-

Library Hall, Hiroshima University Central Library

1-2-2 Kagamiyama, Higashi-Hiroshima 739-8512, Japan

Program

14:00 Opening Remark

14:10 Prof. Keiichi Imato

Force-Reporting and Self-Healing Materials Based on Charge-Transfer Interaction

14:40 Prof. Jinwoo Oh

Virus: The Next-generation Material

15:10 Prof. Kota Sugikawa

Self-assembly of Molecules and Nanomaterials on Lipid Membrane Surfaces

15:40 Break

15:50 Prof. Ichiro Imae

Thermoelectric Properties of Conducting Polymers

16:20 Prof. Yoo, Hyun Deog

Strategies for Facile Intercalation of Magnesium Ions into Layered Cathodes

16:50 Closing Remark

18:00 Symposium Dinner
